Network

Courses on Ethernet and switches

ACSYS offers a large set of courses on Ethernet networks.
It includes both courses on Ethernet and switching standards (IEEE802.3).

N1 - Ethernet and switching This course covers both IEEE802.3 (10, 100, 1000 Mbps) and IEEE802.1D/802.1Q

N2 - IEEE1588 - Precise Time Protocol This course describes the PTP protocol and provides implementation examples

N3 - Ethernet 10 Gigabit This course covers IEEE802.3 Ethernet 10 gigabit and SFP+
