

## Courses on Ethernet and switches

ACSYS offers a large set of courses on Ethernet networks.

It includes both courses on Ethernet and switching standards (IEEE802.3)

|    |                        |        |                         |    |                                  |       |                         |
|----|------------------------|--------|-------------------------|----|----------------------------------|-------|-------------------------|
| N1 | Ethernet and Switching | 4 days | <a href="#">Inquiry</a> | N2 | IEEE1588 - Precise Time Protocol | 1 day | <a href="#">Inquiry</a> |
| N3 | Ethernet 10 Gigabit    | 3 days | <a href="#">Inquiry</a> |    |                                  |       |                         |
