### Courses on Ethernet and switches

ACSYS offers a large set of courses on Ethernet networks.

It includes both courses on Ethernet and switching standards (IEEE802.3 ).

**N1 - Ethernet and switching** This course covers both IEEE802.3 (10, 100, 1000 Mbps) and IEEE802.1D/802.1Q

**N2 - IEEE1588 - Precise Time Protocol** This course describes the PTP protocol and provides implementation examples

**N3 - Ethernet 10 Gigabit** This course covers IEEE802.3 Ethernet 10 gigabit and SFP+
