

## Network

### Courses on Ethernet and switches

ACSYS offers a large set of courses on Ethernet networks.  
It includes both courses on Ethernet and switching standards (IEEE802.3 ).

You can see detailed course descriptions of the various trainings by using the above navigation bar. You can also click on course identifiers in the following course briefs hereafter.

- N1 - Ethernet and switching** This course covers both IEEE802.3 (10, 100, 1000 Mbps) and IEEE802.1D/802.1Q
- N2 - IEEE1588 - Precise Time Protocol** This course describes the PTP protocol and provides implementation examples
- N3 - Ethernet 10 Gigabit** This course covers IEEE802.3 Ethernet 10 gigabit and SFP+
